

The Wellistics Wellness Commitment

With the ongoing COVID – 19 pandemic remaining a daily concern, we are providing the following information regarding our efforts to maintain a clean, safe, and sanitary studio environment. We hope this information will help to alleviate some of the anxiety you may feel as you venture out and attempt to resume your normal activities and routines. Rest assured that we will continue as we always have to make your studio experience one of peace, safety, and serenity. In order to honor our commitment towards improving your overall health and wellness, ensure your safety, and maintain an inviting environment, we have made the following changes to our studio operations effective with our re-opening as of Tuesday July 7th, 2020:

- Hired a local cleaning service to assist us with weekly cleaning and sanitizing of all of the common areas for the infrared sauna studio, studio 180 yoga studio, and each individual sauna suite.
- Staggered our appointment schedule based upon the CDC's recommended social distancing guidelines in order to minimize the number of guests within the common areas of the studio.
- Adjusted our appointment schedule between each guest appointment to allow for extra sanitization time of the common areas of the infrared sauna studio, studio 180 yoga studio, and each individual sauna suite.
- Added extra hourly common space cleaning schedules for the both the infrared sauna studio, each individual sauna suite, and studio 180 yoga studio.
- Installed hand sanitizing stations in the common areas of the infrared sauna studio, each individual sauna suite, and studio 180 yoga studio.
- Established COVID – Clean Check-in procedures. Guests will be able to check in on the Vagaro app which will send a notification to the studio about their arrival for their infrared sauna appointment or yoga class. Guests will then be able to wait in their vehicle until they receive a notification to enter the studio.
- Established COVID – Clean Contactless Checkout procedures which will allow guests the ability to safely and securely checkout from their own mobile device if desired.
